

# DEPARTMENT OF MULTICULTURAL SERVICES

## *Vision*

*To become a preeminent multicultural programming unit that actively and intentionally engages in the retention and graduation of students, holistic development and transformational learning of students, broadening of student perspectives, and contributions to higher education practice.*

## About

As the Aggie student population continues to grow, Texas A&M University needs to expand opportunities for engagement among underrepresented students and intercultural competence initiatives to prepare students for our increasingly diverse world. The renovation and expansion of the Department of Multicultural Services aims to increase collaboration, educational opportunities and community among cultural affinity groups. This space will cultivate a sense of belonging and intercultural competence for students, positively impacting their ability to demonstrate openness and inclusiveness, understand individual differences and respectfully interact with all people. In the process of supporting, advocating for and positively challenging students across multiple initiatives, the department incorporates distinctively tailored experiences of learning and development into their students' journey of becoming competent leaders.

## This renovation and expansion will:

- Address student and staff steady growth needs, while intentionally allocating and designing space in a distinguished location with needed visibility, prominence, exposure and access.
- Ensure historically underrepresented racial and ethnic groups have a sense of belonging at Texas A&M through physical spaces that are in close proximity to well-known campus programming.
- Contribute to the university's commitment to an inclusive, equitable and diverse environment for students by positively impacting student intercultural competency development and preparing them to successfully transition into increasingly diverse workplaces.
- Meet department needs while also allowing for increased student traffic, staff capacity, programs and services across two spaces.

*The Texas A&M Foundation  
builds a brighter future for  
Texas A&M University, one  
relationship at a time.*

As a nonprofit and the primary academic fundraising institution for Texas A&M, our vision is to be among the most trusted philanthropies in higher education. Our team partners with former students, corporations and other supporters to match their charitable passions with opportunities for purposeful philanthropy at Texas A&M. Gifts create scholarships, advance faculty endeavors, enhance student programs and fund campus construction, greatly enhancing Texas A&M's mission to provide the highest quality undergraduate and graduate programs and develop new understandings through research and creativity.

Every gift contributes to cultivating a sense of belonging and intercultural competence for underrepresented Aggies. For more information, contact:
